Subject: Chloroprene Report
Attachments: Draft Final Post-Meeting Comment Report 12.8.2020.docx

Hi Kris – Attached is the draft final chloroprene report (including Dr. Zhu's comments on Q15). Technically, this is draft because we have to accept this as the final product. I'm leaning on holding off approving this as the final report until your meeting with Denka next week. Do you have thoughts on this? I can accept it now and it will end officially end the peer review.
